Scope of Certification

We specialize in the import and supply of advanced industrial automation solutions, including low-voltage (LV) switchgear, programmable logic controllers (PLC), and process control panels.

Our expertise extends to the design and provision of engineered, custom-automated control systems, tailored to meet diverse industrial requirements. We deliver material handling solutions and a comprehensive range of industrial instrumentation, covering pneumatic, hydraulic, and motion control technologies.

In addition to automation, we provide structural and industrial fabrication services, along with mechanical and electrical installation. Our portfolio also includes the integration and implementation of industrial printing and scanning systems, ensuring seamless operational efficiency across industries.
